

wire Russia will take place in Moscow in 2021 parallel to Tube Russia, Metallurgy Russia and Litmash Russia

The leading regional Russian trade fair for the wire and cable industry - wire Russia - will take place in the Russian metropolis from 8 to 10 June 2021. Around 200 companies from 25 countries are expected at the Moscow EXPOCENTRE in Krasnaya Presnya.

Together with its local partner VNIKP, All-Russian Cable Scientific Research and Development Institute, Messe Düsseldorf Moscow will once again be staging the regional highlight of the wire and cable industry in 2021 in Hall 1 of EXPOCENTRE over three days.

Many companies from Russia, its neighbouring countries and from Germany, Belgium, the Netherlands, France, Great Britain, Austria, Switzerland and Italy will be travelling to the Russian capital to establish new business relations, intensify existing contacts and present technological innovations from the wire and cable industry.

The exhibitors at wire Russia show machines and plants for wire production and wire refinement, forming technology, spring production technology, cable and strand machines, tools and aids for process engineering as well as measuring and control technology. The product range is supplemented by wire rod, bright wire, wire mesh, special wire, cables and plates.

The trade fairs Tube Russia, Metallurgy Russia and Litmash Russia are held parallel to wire Russia.

Current technologies in the fields of tube manufacturing, tube processing and tube machining are the focus of Tube Russia 2021. Once again, the ITA (International Tube Association) together with Messe Düsseldorf will be organising a *Tube Industry Development*
